

NEWTON COUNTY RADIO CLUB
10175 STARR ST. - COVINGTON, GEORGIA 30014
(770) 786-6546

I have been a licensed Amateur Radio Operator since 1963 and I have enjoyed every moment of the journey. After moving to Covington, I noticed that I did not see or hear of any organizations in Newton County for Hams. I felt there was a need for some type of organization that would bring the Hams together for fellowship, to share our knowledge with one another, to develop new Hams, and to provide public service to our community.

On May 17, 2005 the first meeting of the Newton County Radio Club was held at Shoney's in Covington, Georgia. The constitution and by-laws were adopted and the club was off and running with 12 members. The Club has continued to grow and develop. I believe we have some of the best Hams of anywhere ,and I am very proud to be a small part of the Newton County Radio Club.

The Newton County Radio Club is open to any Amateur Radio Operator or anyone who is interested in any aspect of communications or electronics.
